STATE GOAL FOR SERVICES FOR Gifted/Talented STUDENTS

Students who participate in services designed for Gifted/Talented students will demonstrate skills in self-directed learning, thinking, research, and communication as evidenced by the development of innovative products and performances that reflect individuality and creativity and are advanced in relation to students of similar age, experience, or environment. High school graduates who have participated in services for Gifted/Talented students will have produced products and performances of professional quality as part of their program services.

WOODSBORO ISD DEFINITION OF GIFTED/ TALENTED

Woodsboro ISD defines a Gifted/Talented Student as any child or youth in grades K-12 who performs at or shows the potential for performing at a remarkably high level of accomplishment when compared to others of the same age, experience, and environment and who exhibits high performance capability in general intellectual ability. General Intellectual ability students are gifted students who possess a superior intelligence with the potential or

demonstrated accomplishments in several fields of study and who possess the ability to perform complex mental tasks.

1. SERVICE DESIGN

A flexible system of viable service options provides a research-based learning continuum that is developed and consistently implemented throughout the district to meet the needs and reinforce the strengths and interests of Gifted/Talented students.

PROGRAM DESIGN: (3.1, 3.2, 3.3, 3.5, 3.6)

Identified Gifted/Talented students in Woodsboro ISD are assured an array of learning opportunities that are commensurate with their abilities and that emphasize content in the four (4) foundation curricular areas. Services are available during the school day as well as the entire school year. Parents are informed of these options (19 TAC §89.3(3)). Services for Gifted/Talented students are comprehensive, structured, sequenced, and appropriately challenging, including options in the four (4) foundation curricular areas. Flexible grouping patterns and independent investigations are provided throughout the program design/services.

Out-of-school options relevant to the students' areas of strength are provided Woodsboro ISD whenever possible (19 TAC §89.3(3)). Information concerning special opportunities (i.e. contests, academic recognition, summer camps, community programs, volunteer opportunities, etc.) is available and disseminated to parents and community members. In each Woodsboro ISD campus office, a list of special opportunities is available to parents and community members. The list is also posted on the district website.

PROGRAM OPTIONS: (3.4, 4.3, 4.4, 4.5.)

In Woodsboro ISD general education teachers will provide differentiated learning opportunities during class instruction. Students will participate in a variety of activities that promote creativity, leadership, science, technology, critical thinking, problem solving, and digital literacy. The Gifted/Talented curriculum adheres to the state guidelines and the Texas Performance Standards Project (Texas Performance Standards Project, (TPSP)). These research-based project-learning opportunities support student interests and strengths, provide flexible learning options, and support the development of advanced-level products and/or performances. Gifted/Talented students are ensured opportunities to work together as a group, work with other students, and work independently during the school day as well as the entire school year as a direct result of Gifted/Talented service options (19 TAC §89.3(1)). Opportunities are provided to accelerate in areas of student strengths (19 TAC

Woodsboro ISD Gifted/Talented PHILOSOPHY AND PROGRAM Goals

§89.3(4)). thus, permitting students the prospect of learning at a pace and level appropriate to their abilities and skills. Gifted services at Woodsboro ISD will begin during the first full week of school and will continue throughout the school year ending when school is dismissed for the year.

Elementary, Middle School, and Woodsboro Jr. High (Grades K-8)

Identified Gifted/Talented Students are homogeneously grouped in one class at each grade level with Gifted/Talented trained teachers. The primary Gifted/Talented curriculum used with the students will be the Texas Performance Standards Projects that result in the development of sophisticated products/performances that are targeted to an audience outside the classroom. This continuum of learning experiences will lead to the development of advanced-level products and/or performance that will be shared with the community each spring. Additionally, the students will participate in a variety of differentiated activities that will further develop their creative, critical and higher level thinking abilities. Teachers will also differentiate the regular curriculum provided by the school using depth and complexity.

Woodsboro High School- Grades 9-12

In Woodsboro High School, Gifted/Talented identified students are homogeneously grouped at each grade level. Core classroom teachers will differentiate the regular curriculum provided by the school using depth and complexity. At each grade level, a designated Gifted/Talented teacher will facilitate the Texas Performance Standards Project in their core subject. This continuum of learning experiences will lead to the development of advanced-level products and/or performances that will be shared with the community each spring.

PROGRAM POLICY- (3.7, 3.9)

Local board policies are developed that are consistent with State Board of Education rules on credit by examination (19 TAC §74.24) and early high school graduation opportunities (TEC §56.203).

Local board policies are developed that enable students to participate in dual/concurrent enrollment, distance-learning opportunities, and accelerated summer programs if available (see Woodsboro ISD Board Policy).

PROGRAM ACCOUNTABILITY (3.8)

Acceleration and flexible pacing are employed, allowing students to learn at the pace and level appropriate for their abilities and skills, and are actively facilitated by district administrators, counselors, and teachers. Once a month during the weekly administrative meetings with campus principals, each campus will give a brief report of their campus' Gifted/Talented programs progress. The campus principal will

Woodsboro ISD Gifted/Talented PHILOSOPHY AND PROGRAM Goals

periodically meet with the Gifted/Talented teachers and counselors to facilitate the Gifted/Talented program.

2. IDENTIFICATION AND ASSESSMENT

Gifted/Talented identification procedures and progress monitoring allow students to demonstrate and develop their diverse talents and abilities.

IDENTIFICATION ACCOUNTABILITY (1.1, 2.1, 2.2, 2.3, 2.4, 2.24, 2.25)

Woodsboro ISD student assessment and services are in compliance with the Texas State Plan for the Education of Gifted/Talented Students (19 TAC §89.5). Written policies on student identification for Gifted/Talented services are approved by the district board of trustees and disseminated to all parents (19 TAC §89.1). Woodsboro ISD requires the Gifted/Talented plan to be posted on its website as well as disseminated as requested through the district's handbook.

Woodsboro ISD referral procedures as well as referral forms for assessment of Gifted/Talented students are communicated to families in a language and form that the families understand or a translator or interpreter is provided to the extent possible. Woodsboro provides for the following languages: English, Spanish. Woodsboro ISD families and staff are informed of individual student assessment results and placement decisions as well as given opportunities to schedule conferences to discuss assessment data. Families are informed via US postal service within 10 days of the Gifted/Talented Campus Selection Committee decision. The Director for Curriculum will inform the campus principal who will notify appropriate staff. Access to assessment and, if needed, Gifted/Talented services is available to all populations of the district (19 TAC §89.1(3)). Annually, Woodsboro ISD Administration will review the Woodsboro ISD Gifted/Talented Selection Committee's report on Gifted/Talented assessment data to ensure all populations have access to assessment and Gifted/Talented services. Additionally, Woodsboro ISD administration shall ensure the district is moving toward the population of the Gifted/Talented program being closely reflective of the population of the total district and/or campus.

ASSESSMENT PROCEDURES (2.14, 2.15, 2.5, 2.6, 6.7)

Identification Time Line K-12

Provisions for ongoing identification of students who perform or show potential for performing at remarkably high levels of accomplishment in each area of giftedness served by the district are included in board approved policy (19 TAC §89.1(1)). Assessment opportunities for Gifted/Talented identification are made available to

Woodsboro ISD Gifted/Talented PHILOSOPHY AND PROGRAM Goals

students at least once per school year. The following Assessment Time Line shall be used.

Referral procedures published in local newspaper, campus newsletter, and on district website. <i>Parent Awareness</i> Session held as a district event.	August-September
Referrals accepted from parents, teachers, community members for a four-week period.	September
Assessments conducted after written parental permission obtained.	October-November
Gifted/Talented committee meets to review assessment data.	December
Written parental permission for services obtained for identified students. Did not qualify letters sent. <i>Parent Orientation</i> Session held. Services begin for newly identified students.	January

The district wide Awareness Session will be held each September by the Gifted/Talented Coordinator outlining the Gifted/Talented Assessment procedures as well as the Gifted/Talented services provided by the district. Additionally, a recording of the Awareness Session will be posted yearly to the District Gifted/Talented portion of the website. This meeting as well as all other parent meetings will be offered in a language families can understand or a translator or interpreter is provided to the extent possible.

After students have been identified in January, a district Parent Orientation Meeting will be held by the Gifted/Talented Coordinator outlining the Gifted/Talented program and services provided by the district.

Kindergarten Consideration (2.20, 2.21)

All kindergarten students are automatically considered for Gifted/Talented and other advanced level services. Woodsboro ISD will assess all kindergarten students using the Naglieri Nonverbal Ability Test, (NNAT2). The top 10% of the kindergarten students tested will be put forward with parent permission for the complete battery of Gifted/Talented assessments for identification. A minimum of three assessments in kindergarten will be used to assess students who perform at or show the potential for performing at a remarkably high level of accomplishment when compared to students of the same age, experience and environment.

Woodsboro ISD Gifted/Talented PHILOSOPHY AND PROGRAM Goals

The NNAT2 score will be used on the Kindergarten Profile as well as the Gifted And Talented Evaluation Scales (GATES) and district developed parent scale. Students identified by the Gifted/Talented committee will be served at each campus.

K-12 Assessment (2.16, 2.17, 2.19, 2.22)

Each fall the Gifted/Talented Coordinator shall verify assessments used are on the State Approved Test list for the current school year. During the 2-week referral window, referrals will be accepted at each campus office. No late referral will be accepted for the current testing window. Parental permission will be required for all referrals. Data collected from multiple sources for each area of giftedness served by the district are included in the assessment process for Gifted/Talented services (19 TAC §89.1(2)). The assessment process allows for student exceptionalities to the extent possible. Any twice-exceptional students shall be assessed allowing for the exceptionalities. Students are assessed in languages they understand or with nonverbal assessments. In grades 1–12, qualitative and quantitative data are collected through three (3) or more measures and used to determine whether a student needs Gifted/Talented services. Assessments used at Woodsboro ISD are as follows: IOWA, NNAT2, TorranceTest, GATES, and a district developed parent scale. The scores will be placed on a student profile. Each profile will be reviewed by the district Gifted/Talented Selection Committee. Students in grades K–12 shall be assessed and, if identified, provided Gifted/Talented services (TEC §29.122 and 19 TAC §89.1(3)).

Determination of Need: (2.26, 2.28, 2.18)

A balanced examination of all assessment data collected through the district's gifted/ talented assessment process is conducted and used by the *District Gifted/Talented Selection Committee* in making identification decisions. Final determination of students' need for Gifted/Talented services is made by a committee of at least three (3) local district or campus educators who have received training in the nature and needs of gifted/ talented students and who have met and reviewed the individual student data and the most effective educational placement based upon the identified needs of the student. Based on a review of information gathered during the assessment process, students whose data reflect that Gifted/Talented services will be the most effective way to meet their identified educational needs are recommended by the selection committee for Gifted/Talented services. A student qualifies for Gifted/Talented services if the majority of the evidence on the profile falls within the High and Superior ranges on the profile and/or it is determined that the Gifted/Talented program of services is the most effective educational placement based upon the identified need of the student.

Woodsboro ISD Gifted/Talented COMMITTEES

Campus Gifted/Talented Selection Committee: (2.27)

Each campus at Woodsboro ISD has designated Gifted/Talented representatives to the District Gifted/Talented Committee. The selection committee is formed of members who have completed training as required by 19 TAC §89.2. The district committee is composed of the Gifted/Talented Coordinator and the campus principal, the campus counselor and one teacher representing the campus, all of whom have had at the minimum of Nature and Needs (Day 1 of the 30 Hours for Teachers). All Principals have had Nature and Needs for Administrators and all counselors have had Nature and Needs for Counselors. Woodsboro ISD strives to have all members of the Gifted/Talented Campus Selection Committee have their 30 hours mandated training.

District Gifted/Talented Planning Committee: (5.12, 1.6)

The *District Gifted/Talented Planning Committee* is composed of a minimum of three teachers from each campus as well as the campus counselor. They will meet on a regular basis with the Gifted/Talented Coordinator. Their major responsibility is to help lead in the improvement of Gifted/Talented services, assessment procedures and programing. They will also be involved in the planning, reviewing, and/or conducting the districts Gifted/Talented professional learning. Additionally, the Gifted/Talented Planning Committee shall be responsible for long-range evaluation of services based on evidence obtained through gifted/ talented-appropriate performance measures such as those provided through the Texas Performance Standards Project, (TPSP). Rubrics will be used to assess not only student learning, but also program and teacher training needs.

District Gifted/Talented Advisory Committee: (1.2, 6.2)

The *Woodsboro ISD District Gifted/Talented Advisory Committee* is responsible for annually reviewing Gifted/Talented education policies and procedures, making recommendations for improvement of services, providing input on identification procedures and policies, as well as making recommendations on students who may need Gifted/Talented services. This advisory group consists of community members, parents of Gifted/Talented students, school staff, and Gifted/Talented education staff, who meet regularly. *The Woodsboro ISD Gifted/Talented Advisory Committee* consists of the Gifted/Talented Coordinator , each campus principal, one general education teacher and one Gifted/Talented teacher from each campus as well as two Gifted/Talented parents from each campus and three to four community members with no family ties are included in the committee. The committee will meet a minimum of two times a year.

CAMPUS AND DISTRICT PROCEDURES (2.7)

Provisions regarding transfer students, furloughs, reassessment, exiting of students from program services, and appeals of district decisions regarding program placement are included in board-approved policy (19 TAC §89.1(5)).

Reassessment: (2.11)

Formal reassessment is not necessary as long as the student's most effective educational placement needs are being met within the services of the Gifted/Talented program of services. If there is any concern regarding the performance of the student, the Gifted/Talented teacher or Campus Counselor will contact the parent and confer about available options. Options available are counseling, requesting a furlough, or exiting the student from the program. If reassessment occurs at all in response to student performance in the Gifted/Talented program, it is no more than once in elementary grades, once in middle school and once in high school.

Furlough: (2.10)

A furlough is a temporary "leave of absence" from the Gifted/Talented Program designed to meet the individual needs of an identified student. Anyone may request a furlough: parent, student, teacher, or an administrator. Requests for a furlough will be given to the campus counselor and members of the Gifted/Talented Selection Committee for consideration. A student may be furloughed for a period of time deemed appropriate by the Gifted/Talented Committee. At the end of the furlough, the student's progress shall be reassessed, and the student may re-enter the Gifted/Talented Program, be exited from the program, or be placed on another furlough. Furloughs are designed to be short-term and temporary and should never be used for an entire school year.

A furlough does not indicate a permanent exiting of the program. Furloughs could be utilized for a variety of extenuating circumstances. Any student may be granted a furlough from the program for various issues such as over commitment, family concerns, serious illness, or any other conditions, which would inhibit or curtail the student's performance in the program. The furlough may also be used before a formal exit from the program for those students who are unable to maintain satisfactory performance within the learning opportunities of the Gifted/Talented program. A furlough might also provide the student an opportunity to attain performance goals established by the Gifted/Talented Committee. A furlough is arranged to meet the individual needs of the student. The student will be removed from PEIMS during the furlough time.

Transfer: (2.8, 2.9)

Policy ensuring that transfer students are properly assessed and appropriately placed following notification of enrollment in the district is included in board-approved

Woodsboro ISD Gifted/Talented PHILOSOPHY AND PROGRAM Goals

policy. Transfers from campus to campus within the district are also addressed in board-approved policy.

Out of District/ State:

When a Gifted/Talented student transfers to another district either in or out of Texas, that district is provided with the student's assessment data by the sending district. The student profile in the student's permanent records shall be copied and sent to the receiving school. Any other records or material that are pertinent may also accompany the student.

Identified students who transfer in and have previously participated in Gifted/Talented services, shall be placed in the Gifted/Talented program at their respective campus. During the first six weeks of the student participating in the program, the student's assessment records shall be reviewed by the Gifted/Talented Selection Committee. If the student is performing well in the program, and the assessments provided match well with Woodsboro ISD Gifted/Talented assessments, then no further action will take place. If the student is not responding well to programing options, and the Gifted/Talented Selection Committee determines that the Woodsboro ISD Gifted/Talented program is NOT most effective program placement for the student, then the Gifted/Talented committee shall consider furlough, exiting or reassessment. Their recommendation shall be communicated to the parent and student.

Exiting: (2.12)

Students placed in the Woodsboro ISD Gifted and Talented Program may be exited when it is determined that it would be in the most effective placement of the student to discontinue the student's participation.

One or more of the following conditions must be met:

1. The student may, with parental permission, request to be removed from the program. In such cases, a conference between the parent, Campus Gifted/Talented Committee, and the student must be held before the student is exited. Appropriate documentation, signed by the parent and principal, is placed on file with the Gifted and Talented Programs Coordinator as well as in the student's permanent file. The student must remain out of the program for one school year and must go through the Gifted/Talented Referral, Assessment, and Placement process and requalify before re-entry into the program.
2. The parent may request that the student be removed from the program. In such a case, the procedure outlined above is followed.
3. The Gifted/Talented teacher, principal, or counselor may recommend the exiting of a student who, in their professional opinion, the Gifted/Talented program is not the most effective placement for the student. In such cases, a

Woodsboro ISD Gifted/Talented PHILOSOPHY AND PROGRAM Goals

conference between the parent and appropriate school personnel will be held. Before exiting is deemed appropriate, a written plan for improvement is developed. If a student's work does not improve, a conference is held with the student, parent, classroom teacher, principal, and other staff as appropriate. This is done at the end of a grading period or sooner, as needed. The teacher, student, and parent work together to develop a growth plan to ensure that the optimum situation is created for student improvement. The plan specifies what the student must do to improve and what school personnel and parents will do to help. At a time designated in the written plan, a re-evaluation of student progress is made relative to the expectations established for the student in cooperation with the parent and teacher(s). If the student has shown improvement, but not fully achieved expectations, another Student Improvement Plan is completed with a new timeline. If the student fails to make a reasonable amount of progress toward the goals and objectives of the plan, the District Gifted/Talented Committee, after review, will follow the furlough or exit procedures as needed. If exiting from the program is recommended, the principal will notify the parent who may request a conference and re-evaluation of the student's progress through the reconsideration process and the student may be exited upon the recommendation of the majority of the members of the District Gifted/Talented Selection Committee.

Appeals Process: (2.13)

After an initial review of the data collected on each referred student and notification of parents, a formal reconsideration may be filed. Parents, teachers, or students may appeal any final decision of the District Gifted/Talented Committee regarding selection for or removal from the gifted program within 30 days of the parent notification.

The following steps will be followed:

1. Parent/student/teacher meets with the campus counselor &/or principal to discuss placement decisions. If no satisfactory decision is made then, proceed to Step 2.
2. Appeals will then be made to the District Gifted/Talented Committee. If no satisfactory decision is made then proceed to step 3.
3. Any subsequent appeals will be made in accordance with FNG (LOCAL) beginning at Level II.

A furlough, or temporary "leave of absence," from receiving Gifted/Talented services is designed to meet the individual needs of an identified student. Anyone may request a furlough: parent/guardian, student, teacher, or administrator. A furlough request form can be obtained from the counselor's office at the campus where the identified child is receiving services.

Please return the furlough request to the counselor's office. The principal will present the furlough request to the members of the Gifted/Talented committee for consideration. A student may be furloughed for a period deemed appropriate by the Gifted/Talented committee. Furloughs are temporary and will not be longer than one semester or the entire school year.

At the end of the furlough, the student's progress shall be reassessed, and the student may begin receiving Gifted/Talented services, exited from services, or be placed on another furlough. Furloughs can be granted for a variety of extenuating circumstances such as: family problems, illness, emotional problems, or anything that would inhibit a child's performance while receiving Gifted/Talented services. Furloughs will not be used as a disciplinary tool.

Gifted/Talented Exit Request Form and Procedures

Date: _____

Student name: _____

School: _____ Grade level: _____

Person initiating request: _____

Purpose for exit request: (See 1-4 below)

Exit Procedures To Be Followed:

Students placed in the Woodsboro ISD Gifted and Talented Program may be exited when it is determined that it would be in the most effective placement of the student to discontinue the student's participation.

One or more of the following conditions must be met:

1. The student may, with parental permission, request to be removed from the program. In such cases, a conference between the parent, Campus Gifted/Talented Committee, and the student must be held before the student is exited. Appropriate documentation, signed by the parent and principal, is placed on file with the Gifted and Talented Programs Coordinator as well as in the student's

Woodsboro ISD Gifted/Talented PHILOSOPHY AND PROGRAM Goals

- permanent file. The student must remain out of the program for one school year and must go through the Gifted/Talented Referral, Assessment, and Placement process and requalify before re-entry into the program.
2. The parent may request that the student be removed from the program. In such a case, the procedure outlined above is followed.
 3. The Gifted/Talented teacher, principal, or counselor may recommend the exiting of a student who, in their professional opinion, is not the most effective placement for the student. In such cases, a conference between the parent and appropriate school personnel will be held, and the student may be exited upon the recommendation of the majority of the members of the Campus Gifted/Talented Committee.
 4. Before exiting is considered, a written plan for improvement **may** be developed. If a student's work does not improve, a conference is held with the student, parent, classroom teacher, principal, and other staff as appropriate. This is done at the end of a grading period or sooner, as needed. The teacher, student, and parent work together to develop a growth plan to ensure that the optimum situation is created for student improvement. The plan specifies what the student must do to improve and what school personnel and parents will do to help. At a time designated in the written plan, a re-evaluation of student progress is made relative to the expectations established for the student in cooperation with the parent and teacher(s). If the student has shown improvement, but not fully achieved expectations, another Student Improvement Plan is completed with a new timeline. If the student fails to make a reasonable amount of progress toward the goals and objectives of the plan, the Campus Gifted/Talented Committee, after review, will follow the furlough or exit procedures as needed. If exiting from the program is recommended, the principal will notify the parent who may request a conference and re-evaluation of the student's progress through the reconsideration process.

Note: Should a student exit from services, the process shall be accomplished in such a manner to avoid adding undue pressure to the

Woodsboro ISD Gifted/Talented PHILOSOPHY AND PROGRAM Goals

student or parent(s)/guardian(s) and without prejudice. It shall be recognized that the purpose of Gifted/Talented services is to best serve the academic and affective needs of the child.
